PROFESSIONAL PROFILE

Information Technology undergraduate at SLIIT with six months of industry internship experience, including intern team leadership. Skilled in Java and Spring Boot REST APIs, React interfaces, MySQL, authentication and testing. Interested in building practical software and intelligent systems.

PROFESSIONAL EXPERIENCE

Software Development Intern | Team Leader

SLT-MOBITEL · Six-month internship

- Developed Spring Boot REST endpoints and MySQL CRUD operations.
- Built React interfaces and supported JWT and Azure AD sign-in.
- Tested APIs with Postman and contributed to email notifications.
- Coordinated intern tasks, progress updates and team delivery.

SELECTED PROJECTS

SeaGuardian | Intelligent Fish Storage

Developed an IoT monitoring prototype, collected sensor data and evaluated a Random Forest model; explored Flutter integration.

Smart Campus Operations Hub

Built resource management and discovery features with React, Spring Boot, MySQL, filters and booking workflows.

Smart Food Management

Created MERN-based food inventory and expiry tracking with donation and redistribution workflows.

EDUCATION

BSc (Hons) in Information Technology
SLIIT | Expected 2027

Diploma in Accounting and Business
AAT Sri Lanka

TECHNICAL SKILLS

PROGRAMMING
Python, Java, JavaScript, SQL, C, C++, PHP, Kotlin

FULL-STACK
React, Spring Boot, Node.js, Express, HTML/CSS, Tailwind CSS

AI / ML & IoT
Random Forest, preprocessing, ESP32-S3, sensor integration

TOOLS
MySQL, MongoDB, Git, GitHub, Postman, Flutter

CERTIFICATIONS

- AWS Academy Cloud Foundations
- AWS SimuLearn — security, networking & high availability
- Web Design for Beginners — University of Moratuwa
- Object-Oriented Programming in Java — Simplilearn
